Dear Colonel Tiwari

As you are aware the United Nations endeavors to process claims for Death and Disability (D&D) within 90 days as mandated by Member States.

Delays frequently occur when the United Nations has to request additional medical information from Member States in order to complete the claim processing. Member States for their part have to contact the family of the injured or deceased and obtain the requested information, a process which understandably can take several months to complete.

In order to better assist Member States with their submission of D&D claims, and to facilitate the United Nations in meeting the processing target of 90 days, thereby providing reimbursement to the beneficiaries in a timely manner, the MOU and Claims Management Section has compiled a check list of documents to be submitted in support of D&D claims, as approved by the General Assembly in A/63/550.

Member States are requested to attach a completed copy of the attached Check List when submitting D&D claims.

In closing, we would like to take this opportunity to thank your Government for its continued support of the peacekeeping operations of the United Nations.

Yours Sincerely,

Beatrice Kyel-Asare, Chief
MOU and Claims Management Section
Field Budget and Finance Division
Department of Field Support
